Title: Can Ageing Be Slowed or Reversed? A Reproducible Evidence Map and Credibility Ranking of Anti-Ageing and Age-Reversal Interventions

Article type: Systematic review / evidence map

Running title: Anti-ageing evidence map

Author: Dr Siddalingaiah H S, Professor, Community Medicine

Affiliation: Shridevi Institute of Medical Sciences and Research Hospital, Tumkur, Karnataka, India

Corresponding author: Dr Siddalingaiah H S; Email: hssling@yahoo.com; Phone: 8941087719; ORCID: 0000-0002-4771-8285

Main text word count (excl. references, tables, figures): ~2750

Number of references cited in text: 14 (refs 1–14); refs 15–40 listed in Supplementary Table S1

Display items: 3 tables (Tables 1–3) and 4 figures (Figures 1–4). Tables and figure legends are placed after the references; the figures are supplied as a separate file.

Source(s) of support: No external funding declared.

Conflicts of interest: None declared.

Ethics approval: Not applicable; public bibliographic metadata and open-access text only, with no individual participant data.

Guarantor: Dr Siddalingaiah H S

Protocol registration: Not prospectively registered; acknowledged as a limitation in the manuscript.

Note on this revision: The title has been refined to remove “Mechanistic Synthesis,” which was not delivered as a separate analysis in the manuscript, more accurately reflecting the content (a reproducible evidence map and credibility ranking).
